

Home churches: A must or an option today?

We are not left to guess regarding the role or the importance of home churches today. The Bible has clearly [foretold](#) that during the period preceding the end of time, **all churches and denominations will be classified by heaven as fallen and corrupt**. The reason why all the churches/denominations are fallen is because they have incorporated man-made doctrines along with God's truth. Our loving Father has not authorized any church on earth to amend, alter, or add to His truth. And when all the churches insist on doing so, then He has no choice but to spew them out of His mouth. Such is the condition of all churches today. **They have been spewed from God's mouth.**

While the churches have been spewed from His mouth, **our loving heavenly Father is earnestly entreating His people in these churches/denominations to come out of them and follow His Son**. He yearns to fellowship with His people, and to complete His work in their hearts and characters ahead of the imminent unfolding of the final test in the conflict of ages; the test which will determine the eternal destiny of every living soul. He knows that without the opportunity to complete His work in their hearts, complete His work in their hearts, His people will not be able to withstand the coming conflict. But He can't carry out this necessary preparation work in His people as long as they are connected with fallen entities. "Wherefore come out from among them, and be ye separate, saith the Lord, and touch not the unclean thing; and I will receive you. And will be a Father unto you, and ye shall be my sons and daughters, saith the Lord Almighty" (2 Corinthians 6:17-18). He commands His people to "touch not the unclean thing" (*a church becomes instantly unclean when His presence is not there. If His Spirit is not present in a church/denomination then it becomes obvious which spirit is in control!*). And He does not wish for a second to have His people corrupted by the spirit which is infecting these entities today.

When this reality is understood and appreciated, it will suddenly dawn on His people **that a home church is not an alternative style of worship, but an absolute necessity today**. For without His presence and blessing which comes when we worship and fellowship with Him and one another on His sacred day of worship, **we will not ripen for the harvest.**

We are happy to announce the release of our newest video: [What is a home church?](#) We pray that it will challenge His people's traditional thinking about what constitutes a church. This video will clearly debunk many of the more prevalent myths. Unless His people are freed from these myths, they will continue to be trapped in these fallen churches/denominations, and will sadly be found to be disobedient to His "Come out of them my people" call.

In His love and service,

WLC Team.
