Watch Zeitgeist | The Response, Part Two

We have just released the second part of our official response on Zeitgeist, the Movie. This video exposes the lethal errors in astrological segment of Zeitgeist which attacks Christianity.

The true purpose of the Zeitgeist movie is to undermine the word of God. The movie does this by comparing the Bible with other pagan religions and drawing parallels to imply that the Bible plagiarizes.

It is devastating how effectively Zeitgeist has been able to shovel its deceitful sludge into the minds of millions of viewers by exposing the truth on major world conspiracies like 9/11 and the relation of media to government agendas and simultaneously mixing this with poorly fabricated arguments in an effort to nullify Christianity.

Zeitgeist | The Response, Part Two provides unequivocal evidence exposing how the parallels made between the twelve constellations and the Bible are nonsensical. The video objectively deconstructs each Zodiac sign to reveal an embarrassing ill logic in its relentless effort to make Jesus an astrological hybrid. The response explains why it was impossible for the Bible to plagiarize the Great Years of Astrology and the Twelve Ages of the Zodiac.

Zeitgeist pushes another fatal error that human unity is the key to ending the exploitation of humanity. On the contrary, it is Satan's master plan to drive world leaders to unite in a New World Order, that makes it easier for him to control and manipulate the world; so that he can enforce universal laws which will exalt his counterfeit Sabbath. For more information on the New World Order is available at our website.
