---

[World's Last Chance](#) offers a free download of the book *The Great Controversy*. We believe this book is the most important book to read after the Bible. *The Great Controversy* exposes the great conflict through the ages between God and Satan down to last day events yet to take place.

From the first edition in 1884, this best seller has achieved worldwide circulation of over 50 million copies in many languages. [The Great Controversy](#) begins at the dawning of the Christian era, traces the rise and fall of nations and religious powers down to today, then plunges ahead to preview the future. And what *The Great Controversy* sees coming is not based on guesswork. It is based on a source of predictions which has never yet missed in its prophecies.

With reference to the circulation of this book, the author E. White wrote, "The Great Controversy ... contains the story of the past, the present, and the future. In its outline of the closing scenes of this earth's history, it bears a powerful testimony in behalf of the truth." The writer was almost killed several times when writing this book.

The title of this book refers to a great cosmic war that erupted in the universe thousands of years ago and has raged ever since. Few people alive today realize that this Earth is the primary battle zone of that war. And fewer still know why the war is being fought and how and when it will end. But after reading this book you will be one of them.

*The Great Controversy* illuminates the controversy between darkness and light, sin and righteousness, wrong and right, death and life and includes chapters like: The Destruction of Jerusalem; Persecution in the First Centuries; An American Reformer; A Great Religious Awakening; Prophecies Fulfilled; Modern Revivals; Why Was Sin Permitted?; Enmity

Between Man and Satan; Snares of Satan; Spiritualism; Aims of the Papacy; The Impending Conflict; The Scriptures a Safeguard; The Final Warning; The Time of Trouble; and God's People Delivered.
